

Beer For Breakfast

Auteur : Zach Top — (sans accords)

It goes down smooth
Puts you in a good mood
Starts your day of right
Helps you make it 'til noon

Ease on back to work
Yes ma'am and yes sir
Take your break in the truck
'Cause your whole back hurts
Back home you'll have to have a few
Just to get you through the evening news

A beer for breakfast
A beer for lunch
Beer for supper
It just ain't enough
It makes a mighty good nightcap

When your day's been rough
Aw, and in the morning instead of coffee and eggs
I'll have beer for breakfast

When you're mowin' the yard
Workin' on baby's car
Gettin' your honky tonk on
To a steel guitar

When your castin' a line
Got troubles on your mind
It can help any day
Long as it ends in why

A beer for breakfast
A beer for lunch
Beer for supper
It just ain't enough
It makes a mighty good nightcap

When your day's been rough
Aw, and in the morning instead of coffee and eggs
I'll have beer for breakfast

Aw, it goes good with fightin' and lovin'
Beats anything you can cook in an oven

A beer for breakfast
A beer for lunch
Beer for supper
It just ain't enough
It makes a mighty good nightcap
When your day's been rough
Aw, and in the morning instead of coffee and eggs
I'll have beer for breakfast
I said in the morning instead of coffee and eggs
I'll have beer for breakfast
