

# Dont Give Up

Auteur : Peter Gabriel

{c: Verse}

In [Em]this proud land we grew up strong, we were [G]wanted all along.  
I was [D]taught to fight, taught to win. I never [Em]thought I could fail.  
[Em]No fight left or so it seems, I am a man whose [G]dreams have all deserted.  
I've changed my [D]face, I've changed my name but no one [Em]wants you when you lose.

{c: Chorus}

[Am7]Don't give [G6]up, 'cause you have [Cadd9]friends. [Am7]Don't give [G6]up, you're not [Cadd9]beaten  
[Am7]Don't give [G6]up. I [C]know you can [D]make it [G]good.

{c: Verse}

[Em]Though I saw it all around, never thought that [G]I could be affected.  
Thought that [D]we'd be the last to go. It is so [Em]strange the way things turn.  
[Em]Drove the night to-ward my home. The place that I was [G]born on the lakeside.  
As daylight [D]broke, I saw the earth, the trees had [Em]burned down to the ground.

{c: Chorus}

[Am7]Don't give [G6]up, you still have[Cadd9] us. [Am7]Don't give [G6]up, we don't [Cadd9]need much o  
[Am7]Don't give [G6]up, 'cause s[Cadd9]omewhere [C]there's[Cmaj7] a [Dsus2]place where we be-[G]long  
Rest your [D]head, you worry too [G]much. It's going to be al-[D]right.  
When [G]times get rough, you can fall [C]back on [G]us. Don't give up, [D]please don't give [G]up.

{c: Bridge}

Got to [G]walk out of here, I can't [D]take anymore.  
Going to [G]stand on that bridge, keep my [C]eyes down below.  
What-[G]ever may come and what-[D]ever may go. That river's [G]flowing, [D]that river's [G]flowing.

{c: Verse}

[Em]Moved on to another town, tried [G]hard to settle down.  
For every [D]job, so many men. So many [Em]men no-one needs.

{c: Chorus}

[Am7]Don't give [G6]up, 'cause you have [Cadd9]friends. [Am7]Don't give [G6]up, you're not the [Cadd9]on  
[Am7]Don't give [G6]up, no reason to[Cadd9] be ashamed. [Am7]Don't give [G6]up, you still have [Cadd9]  
[Am7]Don't give [G6]up, now we're [Cadd9]proud of who you are. [Am7]Don't give [G6]up, you know it's [Ca  
[Am7]Don't give [G6]up, 'cause I [Cadd9]believe there's a [D]place, there's a place where we be-[G]long.
