

When I Need You

Auteur : Leo Sayer — (sans accords)

When I need you
Just close my eyes and I'm with you
And all that I so want to give you babe
Its only a heart beat away

When I need love
I reach out my hands and I touch love
I never knew there was so much love
Keeping me warm night and day

Miles and miles of empty space in between us
A telephone can't take the place of your smile
But you know I won't be traveling forever
Its cold out, so hold out and do like I do

When I need you
Just close my eyes and I'm with you
And all that I so want to give you babe
Its only a heart beat away

It's not easy when the road is your driver
Honey, that's a heavy load that we bear
But you know I won't be traveling forever
Its cold out, so hold out and do like I do

When I need love
I reach out my hands and I touch love
I never knew there was so much love
Keeping me warm night and day

When I need you
Just close my eyes
and I'm right here by your side
Keeping you warm night and day

When I need you
Just close my eyes and I'm with you
And all that I so want to give you babe
Its only a heart beat away
