```
{c: Verse}
Li[G]vin' my life in a slow hell
Di[C]fferent girl every night at the hotel
[D] I ain't seen the sun shine in[C] 3 damn [G]days
Be[G]en fuelin' up on cocaine and whisky
Wi[C]sh I had a good girl to miss me
Lo[D]rd I wonder if I'll e[C]ver change my [G]ways

{c: Chorus}
I put your p[Em]icture away
Sat down and c[G]ried today
I can't [D]look at you, I'm l[C]yin' next to [G]her
I put your p[Em]icture away, sat down and cr[G]ied today
I can't [D]look at you I'm l[C]yin' next to [G]her

{c: Femme}
I [G]called you last night in the hotel
Ev[C]eryone knows but they won't tell
But their[D] half hearted smiles tell me
Somethin'[C] just ain't [G]right

I been [G]waitin' on you for a long time
Fu[C]elin' up on heartaches and cheap wine
I [D]ain't heard from you in [C]3 damn [G]nights

{c: Chorus}
I put your [Em]picture away
I wonder [G]where you been
I can't l[D]ook at you while I'm l[C]yin' next to [G]him
I put your [Em]picture away
I wonder [G]where you been
I can't l[D]ook at you while I'm l[C]yin' next to [G]him

{c: Verse}
I[G] saw ya yesterday with an old friend
It was the [C]same old same "how have you been"
S[D]ince you been gone my world's been [C]dark and [G]grey
Y[G]ou reminded me of brighter days
I[C] hoped you were comin' home to stay
I was [D]headed to church
I was off to d[C]rink you a[G]way

{c: Verse}
I [G]thought about you for a long time
C[C]an't seem to get you off my mind
I [D]can't understand why we're living[C] life this[G] way

{c: Chorus}
I found your [Em]picture today
I swear I'll c[G]hange my ways
I just c[D]alled to say I wan[C]t you to come back [G]home

{c: Chorus}
I f[Em]ound your picture today
I s[G]wear I'll change my ways
I just c[D]alled to say I wan[C]t you to c[G]ome back home
I just c[D]alled to say, I lo[C]ve you [G]come back home
```
