

III Always Be There

Auteur : Roch Voisine — (sans accords)

You and I
Have followed the trace
Laid by people of faith and pride
With hungry eyes

You and I
Could conquer the stars, if we tried
Or simply live by simpler vows
And let the storm go by...

You and I
Have written the book, line by line
And the few things it took to survive
Was your loving heart and mine

Should you go
Remember these words, as they show
Just how much I care, don't you know
I'll always be there. {I'll always be there}

There when the world and its promises failing {I'll always be there}
There when the frost of its winter is cursing {I'll always be there}
There when the tears in your eyes, keep on asking {I'll always be there}
I'll always be there

You and I
Will follow the trace
Laid by people of faith and pride
With angry eyes gone blind

You and I
Will show them the light, we live by
So never again will they try
To keep us apart {I'll always be there}

There when the world and its promises failing {I'll always be there}
There when the frost of its winter is cursing {I'll always be there}
There when the tears in your eyes
Keep on asking me why {asking me why I'll always be there}

There when the world and its promises failing

There when the tears in your eyes, keep on asking me why

There when the frost of its winter is cursing

There when your loving is such you keep burning alive

I'll always be there {I'll always be there}
I'll always be there {I'll always be there}
I'll always be there
